## NVR Training

for Professionals

## Accreditation Module (Level 3)

### Key Details:

- The highest level of NVR practitioner qualification available in the UK!
- Includes one year's ACCREDITED membership of the NVRA worth £100
- 10-Week Online Training Course
- £695+VAT
- For the latest dates, please visit our [website](#).

*"It was a great learning atmosphere where everyone was able to share their expertise and experiences of using NVR in different contexts. Thank you so much and hope to be back in a supervision group very soon"*

Participant, 2024

### Course Information:

Successful completion of our Accreditation Module (AM) secures accreditation with The NVR Association (NVRA - Level III); the professional body that regulates and accredits NVR practice in the UK. Practitioners are then able to use the title '**Accredited NVRA Practitioner**'.

*Note: This is the highest level of NVR practitioner qualification available in the UK, and as part of your course fee we also cover your first year's NVRA accreditation cost.*

The module consists of 10 x 3-hour online weekly seminars. Two shorter sessions, consisting of an intro and ending session, are optional.

Each participant is invited to deliver a 45-minute presentation that demonstrates their competence in applying the principles of NVR within their specific setting. We encourage participants to be creative in the way that they present their work, which could include a video or a live interview with a client. The presentation should focus on an area of NVR application that is of special interest to the practitioner.

The participant will be interviewed by the facilitators following their presentation, and there will be a reflective team discussion and an ending with whole group feedback.

Additionally, there is a requirement to write a blog post, based on the central theme of the presentation, that will be published on the PartnershipProjects website.

### Eligibility:

Participants will have successfully completed The NVR Certificate Course (Level 1 & 2) or equivalent, and have received NVR Clinical Supervision. A short application form will need to be submitted.

*"Flexible accessible training which linked up a wide range of people using NVR in different settings which was very interesting. huge potential of NVR"*

Participant, 2024

*"This training was an enriching experience to connect with different professionals. It was useful both to share how I use NVR as well as hearing from everyone else in the group as to how they use NVR in their work context and settings."*

Participant, 2024

*"will take away much in relation to ways and skills to support families and staff in their growth within using NVR. the facilitators were all very supportive and thoughtful and reflective."*

Participant, 2024

*"I liked all of it! the presentations by other NVR practitioners, the wealth of knowledge of everyone involved, the generating of ideas, the reflective space. thank you very much."*

Participant, 2023
